Bush also admitted to doing. The comments in question came during a speech that Romney gave to the Economic Club of New York on Wednesday, in which he explained why the rate in the United States is higher than it is in other countries. "The highest marginal tax rate is 25% in the United States, compared to 15% or 25% in other industrialized countries. And I think it's a fair difference," Romney said, according to the Washington Post. Get our Politics Newsletter. The headlines out of Washington never seem to slow. Subscribe to The D.C. Brief

I'm looking for a pre-fab MacReverb plug-in to use instead of coding my own. Any suggestions? A: I was hoping I'd find an answer here, and I did, but unfortunately it's not as simple as you'd hoped, or, rather, as straightforward as you expected. In the interest of preserving our user base, I am going to take a step back, and make the answer something of a warning and suggestion. The reason there are so few true, lightweight MacReverb plug-ins around is because you're not meant to. Apple clearly considered that the true simplicity that MacReverb seemed to offer as a special case of EQ tools, the software wasn't meant to be one, and so it was left to developers to re-in 2d92ce491b
