AI Voice Note-Taking — A Clinical Necessity For **All Clinicians.** Setting The New Standard In Clinical Documentation.

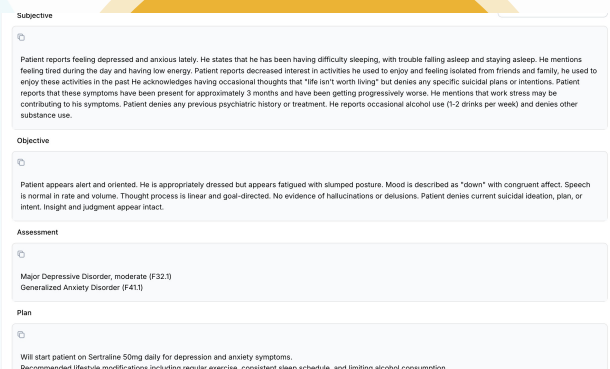

C O R E F E A T U R E S

Our **Features**

Effortless Real-Time Clinical Notes

Speak naturally—Note360 captures clinical details and generates structured notes instantly.

Voice Dictation, Built In

Dictate directly into your SOAP notes—any section, any time.

Just tap the mic and talk. Fast, flexible, and hands-free.

Secure Video Visits, Built In

HIPAA-compliant virtual visits—no extra software, no switching tabs. Just connect, speak naturally, and let Note360 transcribe in real time.

Invite with a link. Document with ease. Care, seamlessly connected.

Built For Your Workflow — With Team Access Included

You focus on care — your team handles the rest. Every Note360 account includes free access for a clinical assistant to support intake, documentation, and follow-up.

Because your time belongs with patients — where it matters most.

Crafted By Clinicians

Focused On Delivering Real Solutions
